ENROLMENT FOR 2019

Dear Parents and Carers,

We are about to commence the process of drawing up plans for the class and school structure for 2019. This requires accurate information on enrolments for next year. I am also keen to hear any feedback or comments you may have in relation to class sizes, location and organisation.

In addition to the details concerning enrolment, I invite all parents and carers to provide any other information or make requests, which we can take into consideration when attempting to make the most appropriate placement for your child/ren in 2019. It would assist us greatly, and be an advantage to your child /ren, if parents / carers could complete and return this form as soon as possible, preferably no later than **Friday 28th September**

Any information you provide will remain strictly confidential. If we can assist you in any way, please make contact via the Front Office.

With thanks

Kerri Clark

Principal
